Programme

The third-year course aims to consolidate the Upper-Intermediate (B2) skills acquired in the previous years and advance to a C1.1 level in the four communicative skills: Reading, Writing, Listening, and Speaking.

A strong focus is placed on engaging with authentic English-language materials (newspaper articles, extracts from books, podcasts, news reports, political speeches, etc.). Furthermore, students will be invited to reflect metalinguistically on the varieties of English they encounter in authentic text sources (varieties of register, regional and social variation, etc.).

Students are strongly encouraged to attend lessons and are also expected to do a considerable amount of self-study outside class hours.

Final Exam

The final exam will be based on the course material covered in class, which will test grammar, vocabulary, written production, metalinguistic reflection and textual comprehension.

The final exam will consist of written and oral tests. Students will be advised well in advance what format to expect. The marking criteria are transparently indicated on the sample tests and the exam paper.

All exam registration details and procedures will be available on the CLA pages of the course CEL. Coursebook:
